

GstarCAD borrow network license from server, legacy 2013 - 2019

1009 kbadmin July 6, 2021 [Activate / Deactivate](#) 0 10309

What is more, GstarCAD 2016 provides the function that you can borrow and return license from user client. This section describes how to borrow license on client. In some special case, you need to transfer one or more than one nodes to individual computer. For example, you need to activate GstarCAD 2016 on a laptop for a certain time, in order to bring it to other place. It is great way to use this function.

Proceed to operate

Requirement conditions

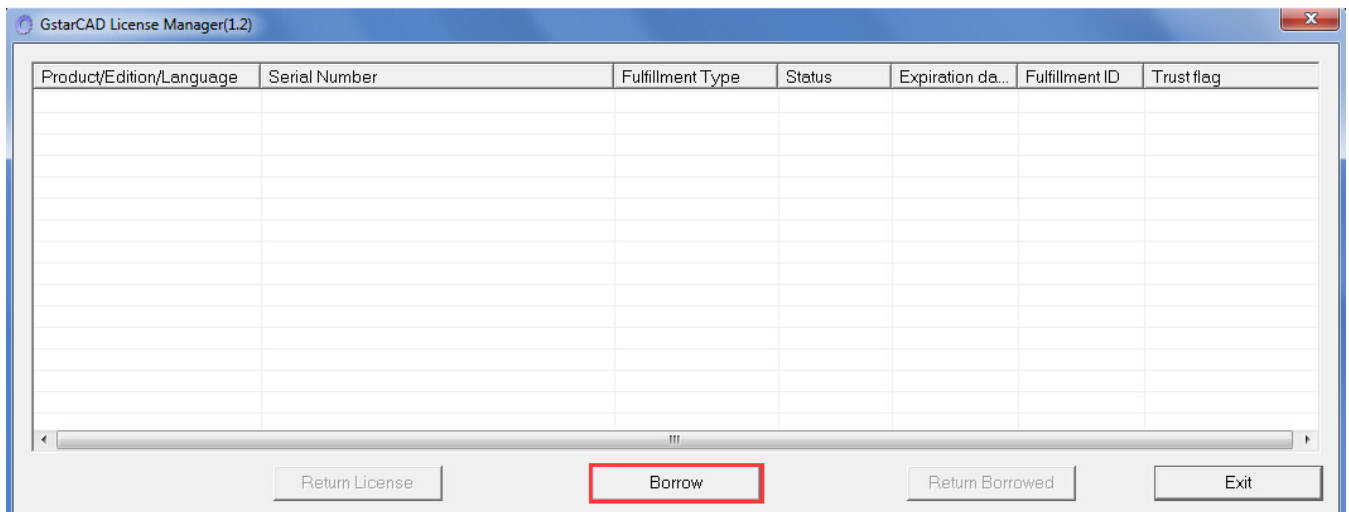

1. GstarCAD 2016 has to be installed on the machine or computer.
2. It has to be in a same local area network, and connect to server.

Borrow the license on the client

Click “GstarCAD License Manager” from Windows Start button> All Programs> Gstarsoft > GstarCAD 2016.

In the GstarCAD License Manager window, click the “Borrow” button.

Follow the introduction on your screen. Input the Network license Serial Number, IP or Server Name and Expiration Data and click the “Borrow” button.

You have borrowed a license successfully. Click the “OK” button to close the window.

Return

Return the license: FID-1419843360

IP or Server name: 192.168.0.66

Port: 27000

Return Cancel

You have finished return the borrowed license. Then click the “OK” button to close the window.

You can see the license you have selected to return has disappeared. Click the “Exit” button to close the window.

The screenshot shows the "GstarCAD License Manager(1.2)" application window. It features a title bar with standard Windows window controls (minimize, maximize, close). Below the title bar is a table with seven columns: "Product/Edition/Language", "Serial Number", "Fulfillment Type", "Status", "Expiration da...", "Fulfillment ID", and "Trust flag". The table body is empty, displaying multiple blank rows. At the bottom of the window, there are four buttons: "Return License", "Borrow", "Return Borrowed", and "Exit". The "Exit" button is highlighted with a red rectangular border. A horizontal scrollbar is visible below the table area.
