

ATTACH command, insert drawing and raster image in dwg, dwf, pdf, dgn format

1218 kbadmin June 30, 2021 [Compatible format](#) 0 5689

The ATTACH command is used to insert external reference, raster image or underlay (DWF, DWFx, PDF or DGN file) to current drawing.

Command

ATTACH

Ribbon: Insert > Reference > Attach

Function Description:

In the "Select Reference File" dialog box, users could select one file to attach in current drawing.
