Table Fill In
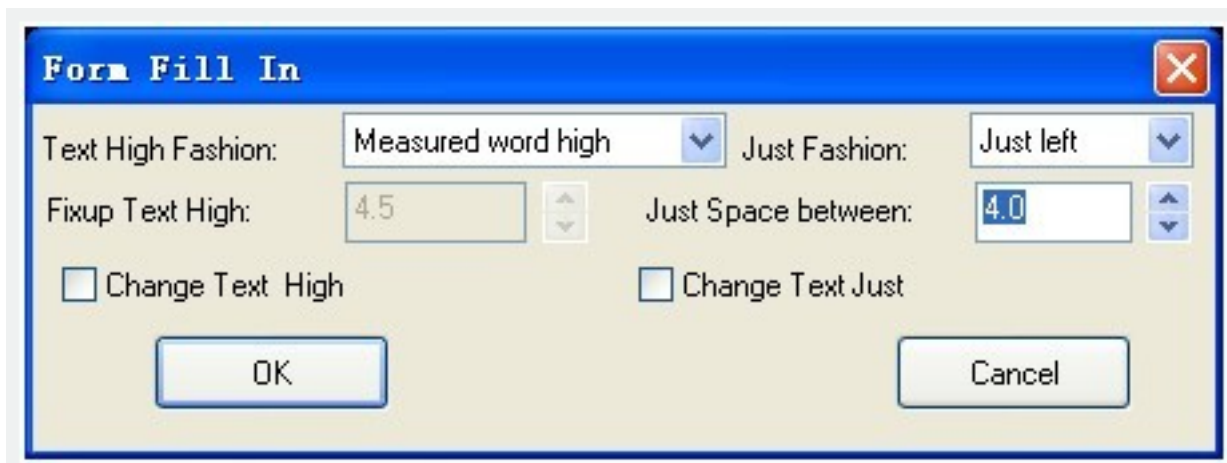

You can use this function to fill in the table or edit the texts.

Menu : Express>Table Tools>Table Fill In

Command Entry : FORMTXT

Operation steps:

1.Start the command.

2.Click in the cell or input "Q" and a dialog box will pop up.

3.In the dialog box you can set the text height fashion, just fashion and other text attributes.

4.Click the blank area of a cell and input texts directly.

5.Enter to finish filling in.
