Overview of 3D Views

[GstarCAD 2027](#) · [User Guide](#)

User Guide > Control the Views > Specify 3D Views > Overview of 3D Views

To create an interactive view of your drawing in the current viewport.

To navigate through a drawing, you can use the 3D viewing and navigation tools. You can orbit a 3D model, which you can send to others to visually convey the intent of your design.
