## Hatches and Fills

[GstarCAD 2027](#) · [User Guide](#)

User Guide > Hatches Fills

With hatch you can fill a selected area with a pattern or color and you can create a wipeout object to blank out an area.

[Overview of Hatch Patterns and Fills](#) [Define Hatch Boundaries](#)

You can select an object to hatch or fill, or specify an internal point to define a boundary.

[Choose Hatch Patterns and Solid Fills](#)

You can use a predefined hatch pattern or solid fill, or you can create your own hatch patterns.

[Create Wipeout to Cover Objects](#)

You use wipeout objects to cover existing objects with a blank area.
