Start a New Drawing

[GstarCAD 2027](#) · [User Guide](#)

User Guide > Start, Save and Organize a Drawing > Start a Drawing

A new drawing can be started in various ways, like starting from scratch, using a template file or using the wizard.

[Start a Drawing from Scratch](#)

If you want to start a new drawing from scratch, you can use the settings from a default drawing template file.

[Use a Wizard to Start a Drawing](#)

If you use the setup wizard, it will guide you step by step through the basic drawing settings.

[Use a Template File to Start a Drawing](#)

You can use a drawing template file, which contains standard settings. You can create your own templates or choose one of the supplied template files.
