UCS Icon Dialog Box

[GstarCAD 2027](#) · [Command Reference](#)

Commands > U Command > UCSICON > UCS Icon Dialog Box

Function Description:

The UCS
Icon dialog box is used to control the style, visibility, and location of the UCS icons.

Dialog Box Options:

UCS icon style

Controls the display style of 2D or 3D UCS icon.

- **2D:**
Displays the 2D icon without Z axis.
- **3D:**
Displays the 3D icon.
- **Lineweight:**
Controls the lineweight of UCS icon when the 3D UCS icon is selected.

Preview

Displays the preview of the UCS icon in model space.

UCS icon size

Controls the size of the UCS icon according to size of viewport. The default size is 50, ranges from 5 to 95.

Note: The size of the UCS icon is in proportion to its viewport size.

UCS icon color

Controls the UCS icon color in model space viewport and layout tab.

- **Model space icon color:**
Controls the UCS icon color in model space.
- **Layout tab icon color:**
Controls the UCS icon color in layout tab.
- **Apply single color:**
Applies the selected UCS icon color in one model space to all 2D UCS icons.
