3DSIN Command

[GstarCAD 2027](#) · [Command Reference](#)

Commands > 3D Command > 3DSIN

Function Description:

This command is used to import 3D Studio files.

Users can import a lot of data from 3ds Max files, such as meshes, materials, mappings, light sources, and cameras. There are some data can not be imported, such as procedural materials, smooth organizations and key frame data. Lights and materials can be imported by the CONVERTOLDLIGHTS and CONVERTOLDMATERIALS commands.

If you enter 3DSIN in the command line, the 3D Studio File

Import dialog box is displayed. After selecting the file to be imported, the 3D Studio File Import Options dialog box is displayed.

Command Access:

Menu: Insert > 3D Studio...

Ribbon: /

Toolbar: /

Command: 3DSIN

Alias: /

Command Prompts: /
