Save Block As Dialog Box

[GstarCAD 2027](#) · [Command Reference](#)

Commands > B Command > BSAVEAS > Save Block As Dialog Box

Function Description:

This command is used to save a copy of the current block definition with a new name.

Dialog Box Options

Block Name

Specifies a new name under which to save a copy of the current block definition.

Block List

Displays a list of block definitions that are saved in the current drawing.

Preview

Displays a preview of the selected block definition.

Description

Displays the description saved with the block definition.

Save block definition to drawing file

Saves the block definition as a drawing file. Selecting a

pre-existing drawing file overwrites the saved file. By default, the block name specified is taken as the drawing file name.
