Dimension Style Export Dialog Box

[GstarCAD 2027](#) · [Command Reference](#)

Commands > D Command > DIMEX > Dimension Style Export Dialog Box

Function Description:

This command is used to export named dimension styles and their settings to an external file.

Dialog Box Options

Export Filename

Creates and opens an ASCII text file with a DIM extension. Enter the file name or select Browse to locate the file.

Available Dimension Styles

Selects the dimension styles to write to the ASCII file. The current dimension styles are displayed. Each selected style is written to the file indicated in the Export Filename group.

Text Style Options

Saves either the dimension's Full Text Style Information or the Text Style Name Only to the ASCII file.
