Block Editor Settings

[GstarCAD 2027](#) · [Whats New](#)

The new version includes the following feature addition: a new Constraint Status function has been introduced.

Constraint Status: Specifies the color overrides for objects in the Block Editor to show constraint status.

- Unconstrained: Sets the color of the unconstrained objects.
- Partially Constrained: Sets the color of the partially constrained objects.
- Fully Constrained: Sets the color of the fully constrained objects.
- Improperly Constrained: Sets the color of the over-constrained objects.
