To Add or Remove Objects From a Group

[GstarCAD 2027](#) · [Command Reference](#)

To Add or Remove Objects From a Group

1. Click Home > Groups > Group Edit in the ribbon.
2. Select a group in the drawing area.
3. You can do one of the followings according to the command prompt:

- Enter A to add objects
- Enter R to remove objects
- Enter REN to rename the selected group

4. Select objects to add to the group, or remove from the group, or enter a new name for the group.
