To Clip Raster Images

[GstarCAD 2027](#) · [Command Reference](#)

To Clip Raster Images

1. Click Modify > Clip > Image on the main menu.
2. Select the image to clip.
3. Enter the image clipping option [ON/OFF/Delete/New boundary] <New>at the command prompt.
4. If you enter N at the command prompt, it prompts you to select an clipping boundary, enter P (Polygonal) or R (Rectangular) and then draw the boundary on the image.
