To Copy Properties Between Objects

[GstarCAD 2027](#) · [Command Reference](#)

To Copy Properties Between Objects

1. Click Modify > Match Properties on the main menu.
2. Select the source object.
3. Select the Target object and press Enter. If you want to specify which properties are copied, enter S (Setup) at the command prompt. The Property Settings dialog box is displayed, in which you can clear the properties that you do not want copied and click OK.
