## To Create Boxes

[GstarCAD 2027](#) · [Command Reference](#)

### To Create a Box Based on Two Points and a Height

1. Click Draw > Modeling > Box on the main menu.
2. Specify first corner of the base.
3. Specify other corner of the base.
4. Specify the height.

### To Create a Cube

1. Click Draw > Modeling > Box on the main menu.
2. Specify first corner or enter C (Center) to specify the center point of the base.
3. At the Command prompt, enter C (Cube). Specify the length of the cube and a rotation angle.
