To Create Cylinders

[GstarCAD 2027](#) · [Command Reference](#)

Create a Cylinder With a Circular Base

1. Click Draw > Modeling > Cylinder on the main menu.
2. Specify the center point of the base.
3. Specify the radius or diameter of the base.
4. Specify the height of the cylinder.

Create a Cylinder With an Elliptical Base

1. Click Draw > Modeling > Cylinder on the main menu.
2. At the Command prompt, enter E (Elliptical).
3. Specify endpoint of first axis.
4. Specify other endpoint of first axis.
5. Specify endpoint of second axis.
6. Specify the height of the cylinder.
