To Create Radial Dimensions

[GstarCAD 2027](#) · [Command Reference](#)

To Create a Radius or Diameter Dimension

1. Click Dimension > Radius/Diameter on the main menu.
2. Select an arc or a circle.
3. Before specifying the dimension line location, you can edit or rotate the text.
4. Click to place the dimension line.

To Create a Jogged Radius Dimension

1. Click Dimension > Jogged on the main menu.
2. Select an arc or a circle.
3. Specify a center location override.
4. Specify the dimension line location.
5. Specify the jog location.
