To Create a Flattened View of a 3D Model

[GstarCAD 2027](#) · [Command Reference](#)

To Create a Flattened View of a 3D Model

1. Click 3D tab > Section panel > Flatshot in the ribbon.
2. The FlatShot dialog box is displayed, under Destination, click one of the options.
3. Change the color and linetype settings for Foreground and Obscured lines.
4. Click Create.
5. Specify an insertion point. Adjust the basepoint, scale, and rotation if necessary.
