To Insert a Field in a Cell

[GstarCAD 2027](#) · [Command Reference](#)

To Insert a Field in a Cell

1. Double-click inside the table cell.
2. Right-click the table cell and choose Insert Field.
3. The Field dialog box is displayed, in the Field Category drop-down list, select a category.
4. In the Field Names list, select a Field name.
5. In the Property or Format lists, specify the options available for the selected field.
6. Click OK.
