To Start a New Drawing

[GstarCAD 2027](#) · [Command Reference](#)

To Start a New Drawing

You can use one of the following methods to start a new drawing.

- Click File > New on the main menu. The Select Template dialog box is displayed, in which you can select a template file and click Open.
- Enter the NEW command at the command line.
- Click Application menu > NEW.
- Click the QNEW command in the Standard toolbar.
