To Work With Tool Palettes

[GstarCAD 2027](#) · [Command Reference](#)

To Create a Tool Palette

1. Click Tools > Palettes > Tool Palettes on the main menu.
2. The Tool Palettes is displayed, right-click a blank area inside a tool palette and select New Palette.
3. In the text box, enter a name for the new palette.

To Add a Separator Line to a Tool Palette

1. Right-click a blank area inside the Tool Palettes and select Add Seperator.
2. If necessary, drag the separator to the appropriate location in the palette.

To Add Text to a Tool Palette

1. Right-click a blank area inside a tool palette and select Add Text.
2. In the text box, enter the text.
3. If necessary, drag the text to the appropriate location in the palette.
