To Work With Visual Styles

[GstarCAD 2027](#) · [Command Reference](#)

To Apply a Visual Style to a Viewport

1. Click View > Visual Styles > Visual Style Manager on the main menu, the Visual Styles Manager palette is displayed.
2. Click in the viewport to make it current.
3. In the Visual Styles Manager palette, double-click the name of the visual style.
4. The selected visual style is applied to the model in the viewport.

To Restore the Default Visual Style Settings

1. Click View > Visual Styles > Visual Style Manager on the main menu, the Visual Styles Manager palette is displayed.
2. Right-click a predefined visual style and choose Reset To Default.
