Change Block Text High

[GstarCAD 2026](#) · [Command Reference](#)

The bChgHei function can change the height of the block, it only takes effect on text or mtext, attribute text can't be changed.

Operation steps:

- 1.Start the command.
- 2.Input a new text height value.
- 3.Select objects whose text heights need to be changed.
- 4.Enter to finish,the result will be as below:
